

Get involved with the Autism Society

Local Support Efforts

The Autism Society of Texas supports families through multiple monthly face-to-face meetings, regular recreational activities, sensory-friendly movie screenings, and several online tools. No matter how you like to get to know others who live and work with autism, we can help you connect. Check out the, "Calendar" section of our website to see what is coming.

Resource Guide

The Autism Society of Texas has compiled a comprehensive directory of service providers of all types. Please contact the office if you would like a copy for reference or if you would like to add your business to the listing. We use this resource to offer free information and referrals state wide.

Help us Grow

Whether you would like to volunteer at a family event, plan a fundraiser, assist with administrative tasks, or make a financial donation, we need your help. The Autism Society is a lean operation that depends on the generosity of Texans. Please consider sharing your time, talent, or energy with us.

Annual Bike Ride and Fun Run

Held during National Autism Awareness Month, this event celebrates awareness and acceptance. We expect 600 cyclists and several hundred friends, family members and volunteers.

All proceeds raised during the event are used to provide support to children and adults with autism in Texas. www.autismbikeride.org

Email info@texasautismsociety.org for more information about events.

San Antonio Walk in the Park

This fun family event happens in the Fall in San Antonio.

Film Festival

This event takes place in the Fall in Austin, Texas.

 **AUTISM SOCIETY**
Improving the Lives of All Affected by Autism
Texas

What is Autism?

Autism spectrum disorder is a complex developmental disability that typically appears during the first three years of life and affects a person's ability to communicate and interact with others. It is defined by a certain set of behaviors and is a "spectrum disorder" that affects individuals differently and to varying degrees. There is no known single cause of autism, but increased awareness and funding can help families today.

What are some of the signs?

- Lack of or delay in spoken language
- Repetitive use of language and/or motor mannerisms (e.g., hand-flapping, twirling objects)
- Little or no eye contact
- Lack of interest in peer relationships
- Lack of spontaneous or make-believe play
- Persistent fixation on parts of objects

About Us

The Autism Society of Texas is an affiliate of the Autism Society of America. We strive to improve the lives of people with autism by increasing public awareness about the day-to-day issues faced by people on the spectrum, advocating for appropriate services for individuals across the lifespan, and providing the latest information regarding treatment, education, research and advocacy. With the increase in prevalence of autism, the requests for help from our local organization have also increased dramatically. The Autism Society responds to hundreds of inquiries from all over Texas every year about diagnosis, treatment, biomedical interventions, educational options, and local resources.

We work hard to improve the lives of all affected by autism in the state of Texas.

We are lucky to have multiple supports around the state. Check below for what is happening in your area.

Statewide we have access to free online trainings and a grant for adults to transition to more independence. We also provide free information and referrals statewide. Check out the website for more information.
