How I get my COVID-19 shot

My doctor says I need to get a COVID-19 shot.
The shot helps keep me from getting very sick from COVID-19.

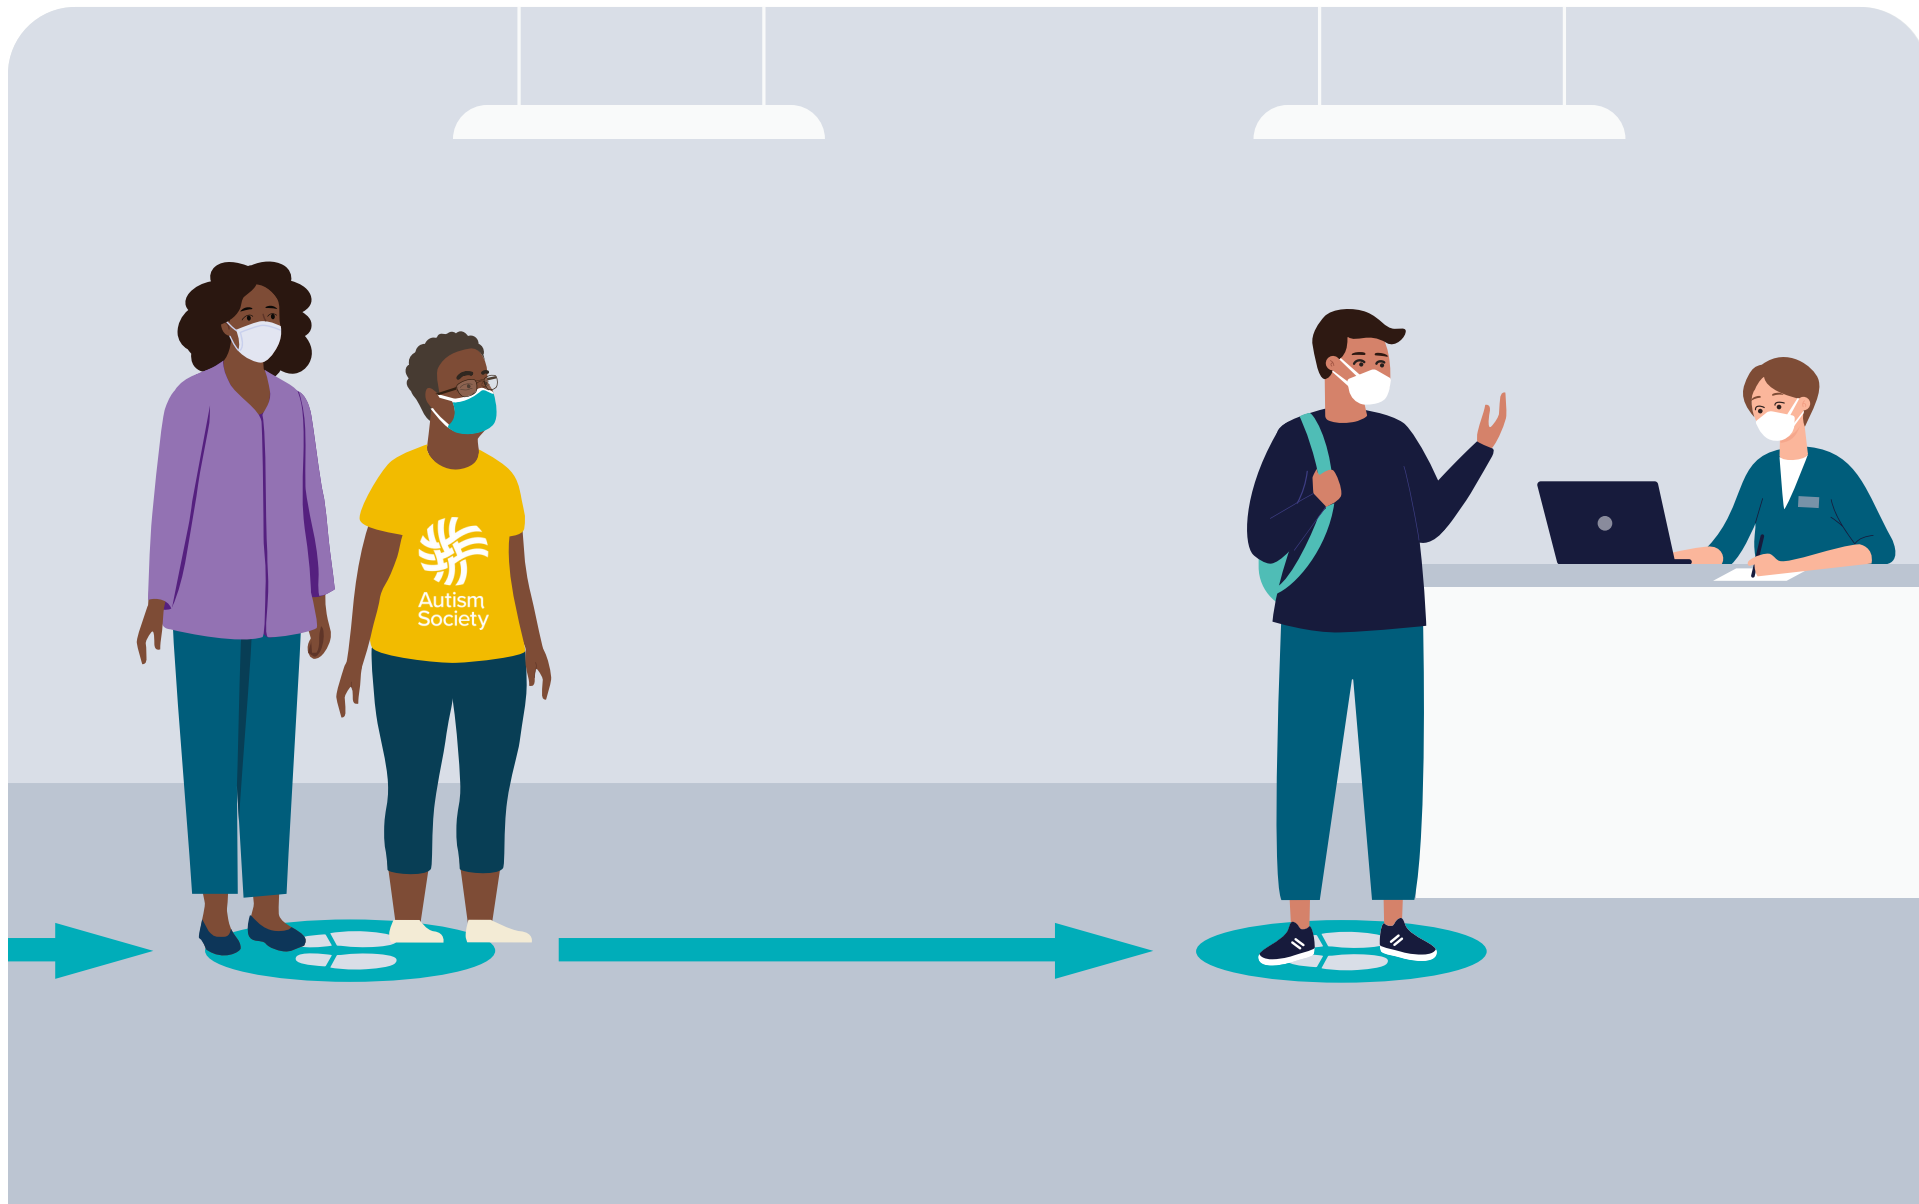

Today I get my COVID-19 shot.
My sister goes with me.
I go by car.

I wear a mask.

The doctor wears a mask, too.

When I get there, I wait my turn.
I keep a safe distance from other people.

The doctor gives me a COVID-19 shot.

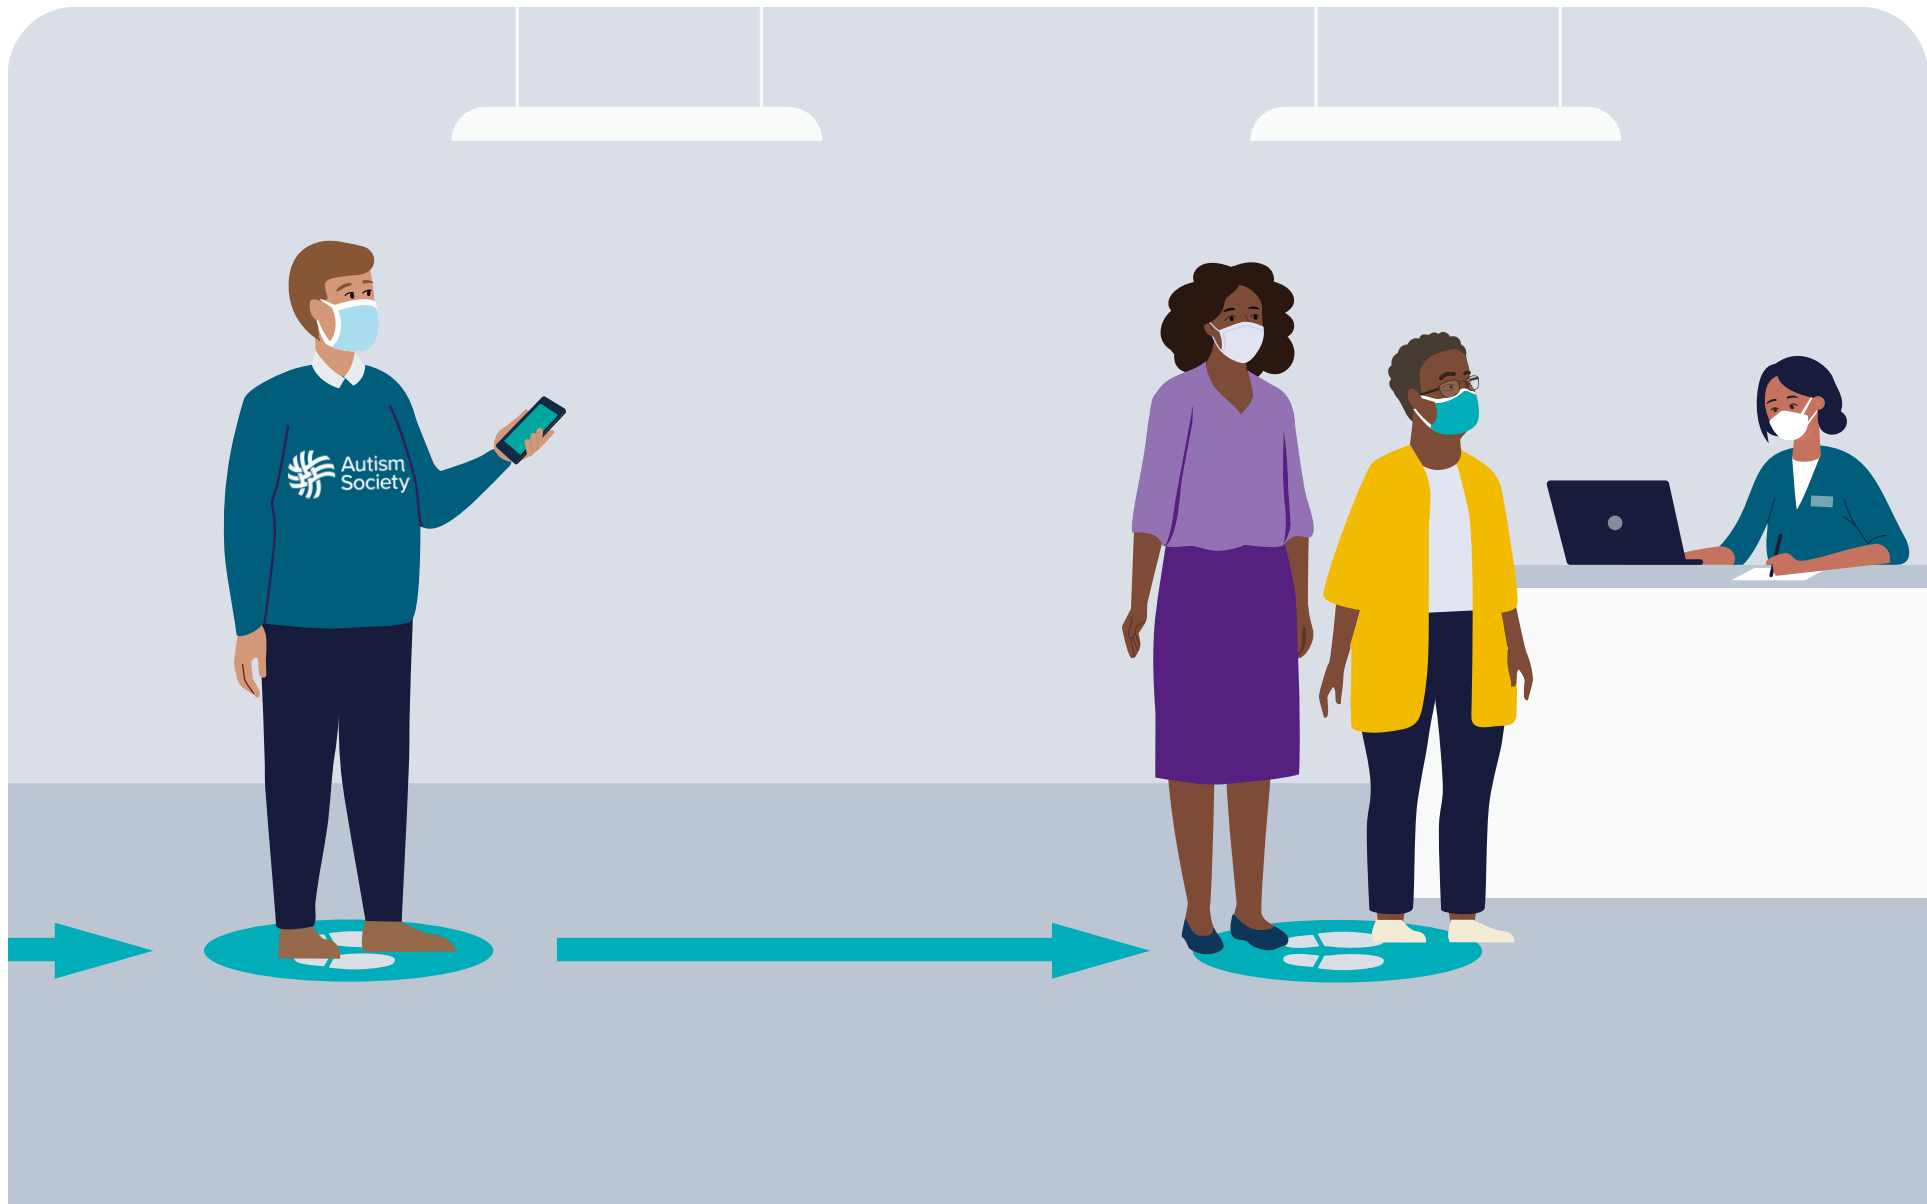

I don't like shots. I still get my shot.

The shot helps keep me from getting very sick from COVID-19.

At home, I feel tired.
My arm is sore.
I feel better in a few days.

Sometimes, people need 2 shots.
If I need 2 shots, I go back another day.

The doctor gives me a COVID-19 shot. It is the same as the first time.

My friends all get their COVID-19 shots, too.

After a few weeks, it is safe to see my friends again. I got my COVID-19 shot. You can, too.

To stay safe from COVID-19, I can

Wear a mask

Keep a safe distance from other people

Get a COVID-19 shot

Wash my hands
